

MBSData Introduces *FirstLook* to RMBS Market Non-agency RMBS Data, Analytics and Valuation Services

PARAMUS, NJ., Sept 23, 2012 –MBSData, LLC is a leading provider of non-agency mortgage backed securities data and analytics to the mortgage and fixed income industries, announced today that it has introduced a new product ***FirstLook***. ***FirstLook*** provides a detailed and accurate view into the monthly performance information on underlying ABX and PrimeX public non-agency mortgage-backed securities. It delivers its' performance metrics to MBSData clients prior to market opening on the 25th of each month.

The new offering will report on 100 percent of the active ABX and PrimeX deal universe and will provide MBSData clients an advantage by receiving important monthly performance metrics prior to many investors and other market participants.

"Investors, risk managers and others look for advantages in early access on reported information prior to others in order to assess and gauge recent mortgage performance trends," explained Tom DeLorenzo, Managing Partner of MBSData. "The ***FirstLook*** reporting Tool gives our clients that advantage."

This new service available through MBSData can be tailored to fit any investor's needs. MBSData also creates monthly ***FirstLook*** reporting packages tailored solely to each individual investors RMBS portfolio of deals.
